***“We asked our daughter who was turning 8 what she’d like to do for her birthday. Her response: “Something awesome!” No pressure, huh? We found High Gravity and it was way more than awesome! They have a super safe, fun adventure park, perfect for kids, with a comfortable place to sit and watch, have birthday cake, take pictures, etc. All the kids loved it and asked if we’d take them again the next weekend! That was a parent win for sure.”***
